

Fit for Training - Declaration

Required for Hands-on Practice of Techniques Taught in the PART Intermediate and Advanced programs

I am declaring that:

[] I have no physical injury(ies) or condition(s) that prevent me from doing the warm up and mobility activities or practice of techniques (e.g., neck, back, knee, respiratory).

or

[] I have a pre-existing injury(ies) or condition(s) that may limit my ability to perform the warm up and mobility activities or practice of techniques (e.g., neck, back, knee, respiratory).

In addition, I am declaring that:

If anything hurts while I am doing exercises on skills practice, I will stop immediately and notify my instructor or trainer.

I will immediately stop any activity when instructed to do so by the instructor, trainer or another participant in the group.

During practice of techniques, I will move slowly and deliberately and will not try to trick my partner or sabotage the moves. All movement will be slow, careful and obvious.

While performing the techniques and moving in slow motion, I will try to make the moves as realistic as possible.

In each practice move I will communicate clearly with my partner, ensuring that we both understand who is simulating an assault and who the worker is.

When playing the role of an assaultive individual I will make my moves slow, careful and obvious.

I will trade assaultive individual and worker roles several times for each technique until I am comfortable and familiar with each one.
