By initialing the box beside your name, you acknowledge and agree to the above as outlined.

Employers utilizing the SASWH Respirator Fit Testing program must ensure that for any worker trained as a Fit Tester under the parameters of this program is for the intended purpose to support respirator fit testing within your facility/organization.

**Attention prospective fit testers:**

- Fit Tester certification and recertification applies while you are employed by a healthcare employer in Saskatchewan.
- Fit testing that you provide is only to those workers who are employed by your current Saskatchewan healthcare employer.
- Any request(s) for fit testing you receive outside of your employer must be deferred to SASWH, unless directed by your employer to meet the demand for such service.
- Upon leaving your employment for any reason, your Fit Tester status terminates as well.
- Fit testing and the scope of your fit tester status in this program is not for the purpose of generating a revenue stream for the employer or fit tester.
