Educational Goals

Awareness of PART® Principles

Foundational concepts behind PART® and how it supports safety across healthcare settings.

Observation of Techniques

Watch demonstrations by qualified SASWH trainers. All areas clearly defined and controlled.

Decision-Making & Reasonable Force

Insight into how PART® supports risk assessment, professionalism, and reasonable force.

Pathway to Formal Training

Explore the 5-level PART® structure and the appropriate level of training for your role.

What to Expect

- Station-based open-house — rotate freely
- Facilitators explain the principles of PART®
- Demonstrations by SASWH trainers
- Strictly observation — no hands-on participation
- Information booths to answer questions
- Clearly linked to PART® principles throughout

Stay for the Annual General Meeting & Safety Expo - April 15, 2026
